A letter from the team

Hello to everyone who has downloaded the Danmei Coloring Book Zine! I'm Cheese, the head mod behind the zine. Before letting you go forward and colour all the wonderful art that's been submitted for this project, I want to thank and acknowledge all of the people who made this possible.

First, thank you to the mods that helped me behind the scene. Thank you Alula, who is an amazing author and super busy. She took the time to help me set up this zine and advise me throughout the entire project, and I wouldn't have been able to go forward with this idea without them. Thank you to Erz, our art mod and the one who compiled all the drawings. My drawing skills are abysmal and it was nice to have someone on the team who could answer the questions I couldn't. Thank you to Noct, who helped out in the discord server.

I also want to thank all of the artists who applied and joined the zine. I was so, so happy to see that so many people liked my silly little idea and were willing to contribute their time and artwork. You guys were amazing!

Lastly, I want to thank everyone who downloads this zine.

Seeing people excited to colour all this amazing art is what made me want to start this zine in the first place.

I hope you all enjoy. This truly was an amazing project to be a part of and I hope to do another in the future.
